

National Restricted Electrical License

(Disconnect and reconnect fixed wired electrical equipment connected to a low voltage supply)

To be eligible to undertake this course you will be required to supply ATEC with evidence of the following;

A Certificate of Competency in one of the following declared vocation:

- Armature Winding
- Radio Tradesperson
- Office Machine Mechanic
- Engineering Tradesperson Mechanical
- Engineering Tradesperson Electronic
- Scientific Instrument Making
- Mechanical Services Plumber
- Fitting and/or Turning
- Plumbing and/or Gas Fitting
- Refrigeration and Air Conditioning Mechanic

OR

A Statement of Attainment showing successful completion of, or status granted in (Recognition of Prior Learning results), the following competencies under the National Metal and Engineering Industry Competency Standards.

- MEM16007A - Work with others in a manufacturing, engineering or related environment
- MEM13014A - Apply principles of occupational health and safety in the work environment
- MEM15024A - Apply quality procedures
- MEM14004A - Plan to undertake a routine task
- MEM15002A - Apply quality systems
- MEM16006A - Organise and communicate information
- MEM17003A - Assist in the provision of on the job training
- MEM12023A - Perform engineering measurements
- MEM14005A - Plan a complete activity
- MEM12024A - Perform computations
- MEM16008A - Interact with computing technology
- MEM16009B - Research and analyse engineering information
- MEM30012A - Apply mathematical techniques in a manufacturing, engineering or related situations

- MEM12025B - Use graphical techniques and perform simple statistical computations
- MEM16012A - Interpret specifications and manuals
- MEM16011B - Communicate with individuals and small groups
- MEM16014A - Report Technical Information
- MEM18001C - Use hand tools
- MEM18002B - Use power tools / hand held operations

If you do not have proof of competency in the above area and need to have your qualifications and/or experience assessed, you will be required to contact a Registered Training Organisation accredited to conduct training and assessment of competencies under the Metal and Engineering Training Package.

ATEC offers Assessments against the National Metal & Engineering Industry Competency Standards Training Package for a cost of \$135.00 per hour.
