

Welder Certification Course

Certificate No. 8G Perform welds using GMAW

Gas metal arc welding (GMAW) to code standard carried out using a range of materials. The person would work autonomously or in a team environment using predetermined standards of quality, safety and welding procedures. Butt and fillet welds are produced in the flat, horizontal, vertical and overhead positions. Preparation of materials may include preheating, setting up of jigs, fixtures, clamps, etc. Materials used may include carbon/manganese steel, low alloy steel and aluminium materials, etc. on plate, pipe and rolled steel sections. This unit, in conjunction with Unit MEM05026C Apply welding principles, may satisfy the requirements of AS 1796 Certificate 8G.

Course Cost: \$600 - Theory block (MEM05026C)
One week block with trainer
\$625 - Practical

Course Duration: Theory: 1 week (5 days) Block ONLY - 8am - 4:30pm
Practical: 1 week (5 days) 8am - 4:30pm or 18 Wednesday evenings 5-8pm

Course Location: ATEC - Ottoway
275 Grand Junction Road

Course Content: **Certificate No 8G** - Gas Metal Arc Welding (GMAW) of plate and pipe.
Includes unit MEM05043B - Perform welds to code standards using gas metal arc welding.

Safety Equipment: To be supplied by the participant

- Safety boots
- Clear Safety glasses
- Long pants
- Long sleeved shirt
